Good evening Katrina,

Per the comprehensive permit, the following is found on page 21:

- F.5 No building permit for Buildings No. 2 and 3 in the Project shall be issued until the base and binder coat of pavement for the portion of the driveway serving that building has been installed. A building permit for Building No. 1 may issue before the base and binder coat of pavement is installed, provided that adequate emergency vehicle access is provided to Building No. 1 from Prentice Street during construction.

This continues to be the Fire Department's recommendation. Thank you.

Respectfully,

Captain Michael Killeen  
Fire Prevention Officer  
Grafton Fire Department

Good evening Katrina,

I am awaiting a few emails from people before providing a formal response, and will get back to you tomorrow. Thank you.

Respectfully,

Captain Michael Killeen  
Fire Prevention Officer
